

AirNow FeedNow Program

"For I was hungry and you gave me food, I was thirsty and you gave me drink, I was a stranger and you welcomed me." Matthew 25:35

Did You Know?

The majority of people seeking food assistance are not receiving government benefits. Only 18% of the households seen by area agencies are receiving Food Stamps. Government Welfare, or Temporary Assistance to Needy Families (TANF), was the main source of income for less than 1% of households in 2000

How IT Works

AirNow Services is partnering with the Montgomery County Food Bank to help feed the hungry in the Montgomery County Area.

Together we can help make a difference. Here's how you can help...

- **AirNow** Comfort Consultants will gladly accept your non-perishable food item donation when visiting your home for a consultation, repair or service call...
- Each month **AirNow** will match the weight of all food items collected and deliver the food to the local Food Bank...

The Montgomery count food bank serves 30,000+ individuals each month...

Please help us help others by providing the comfort of a hot meal.

AKA "Punky Doodle"

Lucy's Project

At the insistence of "Punky Doodle"

AirNow will partner with the local animal shelter to help feed and comfort homeless pets....

AirNow will accept any pet products (food, toys, clothing, bedding) just give them to the AirNow Comfort consultants and at the end of the month AirNow will match donations and deliverer to the local animal shelters...

Sometimes it is hard to comprehend what it's like to go without food each day. The impact of hunger in our communities and ultimately to our country may be felt for years to come.

*Thanks,
Charles Simms & Family*
